**1. What is your connection or interest in this case? \* For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)**

I am a customer of Dominion Energy, and I am protesting their request for another rate increase for providing for electric services

**2. Please give a concise statement of your protest. \* (This section must be completed. Attach additional information if necessary.)**

Dominion purchased SCANNA in January 2019, and customers received no refunds from the failed nuclear plant disaster! In 2020, Dominion raised rates 8% in spite of an agreement to freeze energy rates until Nov. 1, 2021! They were granted a second rate increase in July of 2021, and promised not to raise rates again before July of 2023! Now, we discover, that on March 21, 2022, they are asking for a ~~THIRD~~ rate increase of 5.19%! This is ABSURD! Dominion has erased our failed nuclear refunds, and against promises made at purchase of SCANNA, they have twice raised rates, and now wish to get a third rate increase! Dominion has sold off every property SCE&G owned to use proceeds as part of their salary compensation! I strongly oppose this application for another (3rd request since January 2019) rate increase. Dominion must be held accountable for their CONTRACTUAL promises! Inflation is severely impacting all customers, and this request for a third rate increase must be turned down by the Public Service Commission.

**3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony? \***

Yes, I would like to appear in person at the hearing.
